**Abstract**

Some believe that the presence of the Gulf in Iraq was negative until the U.S. invasion and occupation of Iraq by Alasfav official Gulf to support the military effort the U.S. aggression on Iraq by providing logistical facilities and logistics within these countries not to mention the moral and material support to supply the Iraqi arena with money and weapons to occupy Iraq, a bloody civil war for the dimensions of any repercussions of the war and the occupation of the internal boundaries. Some believe that there is a change in the position of the Gulf through the introduction of the variable in the process of economic relations between Iraq and the GCC countries through the involvement of companies in the Gulf reconstruction operations in Iraq.
