Abstract	<p>Saudi Arabia and United State as a long relation could present an important subject to understand alliance kind in international relations types. We trying in this study to diagnose and analyze the Saudi Arabia and United States model to find balance and unbalance status and its influence on the directions of Saudi Arabia foreign policy positions.</p> <p>We divided the study in two parts, each part have many sections. The first part deals with the historian emergence of Saudi Arabia State and its development in three stages including its foreign relations with regions and international powers. While the second part was dedicated in analyzing and understanding the mechanism and active facts that drawing the Saudi Arabia foreign policy toward American United State.</p> <p>We find that the relation have unbalance attribute relate in structure method of the third Saudi Arabia state that different of the first one which established according to a local deal between a cleric man and a tribe sheikh while the third state building according a mix of local, region and international facts.</p>
