Abstract	<p>Federal define is a unit of diversity or unity within the diversity of modern Kan intellectually can be attributed to the end of the Middle Ages and the beginning of the emergence of modern political ideas to face the end of the era of political formations known to Europe in particular. One was calling for ideas to bring to the political formations where two poles are the two main contemporary Jean Bodin (1530-1556) and Johann Altoseos (1557-1630). As it took both of the extension of their thoughts in the middle of a turbulent socio-political his removal of external and internal. It was spin Thirty Years War was either internally European countries experiencing wars gold destructive nature between the Catholic and Protestant doctrine stems.</p>
