Thesis Title	The Islamic Movements Within the New International State		
	2004		
Abstract	<p>The importance of topic the Islamic movements within new international state came from the importance of the issues raised after the new international system such as ; the democratic issues , human rights and was called ' Terrorism ' related in one way or another to the Islamic Movements .</p> <p>The Western attitude especially U.S was bigot and hardliner toward the Islamic awakening . Furthermore , the Western powers circulated ' the claimed Islamic dangers ' since the start of socialism collapse , and after the end of the Soviet Union the traditional enemy for the West . This danger was substituted with ' the claimed Islamic danger ' and considered as new danger .</p>
